Summary

B.Tech Final Year Computer Science student with hands-on experience in software development, AI, IoT, and blockchain, building systems like health kiosks, steganalysis tools, Google Chrome extensions, and voting platforms.

Skills

Programming: Java, C, JavaScript

Web Development: HTML, CSS, Node.js, Express.js

IoT & Embedded: ESP8266, ESP32, Raspberry Pi, Arduino

Database & Cloud: MySQL, MongoDB, Google Sheets API

AI / ML: AI-powered Thread Detection, Feature Extraction (SRM Filters)

DevOps & Deployment (Basics): Docker, CI/CD pipelines, Vercel, Render

Experience

Web Developer & Management Team Member, Vibezarurihai

- Active Web Developer and assisting in planning & execution of events

Projects

AI-Powered Email Threat Detection, GeoLocation and Forensic Intelligence Platform Sept 2026

An AI-driven email threat detection platform built for SIH 2026, combining ML-based fraud detection, header forensics, and GeoIP tracing on an analyst dashboard.

- Built with Express.js, Python/FastAPI and MongoDB with blockchain hash-anchoring for tamper-evident records
- Led a 6-person team as Team Lead, building a Chrome extension for one-click email reporting

Phish-Shield March 2026

Chrome extension built at NIT Hamirpur hackathon that detects phishing sites in real time using a 3-layer pipeline of heuristics, WHOIS intelligence, and Gemini AI.

- A risk scoring engine (0-100) flagging new domains, missing HTTPS, suspicious URLs, and brand spoofing detection.
- Blocked clipboard actions on high-risk sites to prevent credential and OTP leakage

Steganographic Content Detector Aug 2025 – present

A deep learning-based system that identifies hidden data in images by analyzing statistical noise residuals using SRM filters and CNNs. Features a decoupled Flask backend and a modern web frontend.

- Training ML model on over 300,000+ images
- Provides forensic analysts with real-time likelihood scores and threat classifications

Hackathons and Achievements

- Winner of Electrothon 8.0 hackathon (snowflake track) organized by NIT Hamirpur
- Ethical hacking certificate from NPTEL

Education

Dr. A.P.J. Abdul Kalam Technical University, BTech in Computer Science Aug 2023 – Aug 2027
